Assistant to the Commissioner of Patents

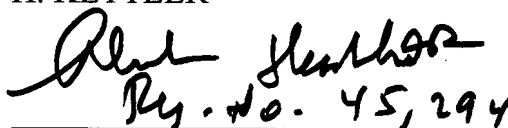

Washington, D.C. 20231

Sir:

Please correct the following errors appearing in the printed patent which is the fault of the United States Patent and Trademark Office, as per the attached Certificate of Correction.

In claim 29, please delete "mudguard." at the end of the claim. Allowed claim 46, which was renumbered as claim 29, did not recite this term.

In claim 30, line 2, please replace [rotatable] with --rotatably--. Allowed claim 27, which was renumbered as claim 30, recited "rotatably".

In claim 32, line 2, please replace [rotatable] with --rotatably--. Allowed claim 29, which was renumbered as claim 32, recited "rotatably".

In claim 50, line 1, please replace [rube] with --tube--. Allowed claim 51, which was renumbered as claim 50, recited "tube".

In claim 54, the claim dependency should be changed from [52] to --50--. Allowed claim 55, which was renumbered as claim 54, depended from claim allowed 51 which was renumbered as claim 50.

Please correct the following errors appearing in the printed patent which is the fault of Applicants, as per the attached Certificate of Correction.

In claim 40, the claim dependency should be changed from [38] to --39--. The term “the at least one stop” finds clearer antecedent basis in patent claim 39.

In claim 41, the claim dependency should be changed from [39] to --40--. The terms “the projection” and “the recess” find clearer antecedent basis in patent claim 40.

In claim 42, the claim dependency should be changed from [40] to --41--. The term “the rotational movement” finds clearer antecedent basis in patent claim 41.

In claim 43, the claim dependency should be changed from [41] to --42--. The term “the at least two stop surfaces” finds clearer antecedent basis in patent claim 42.

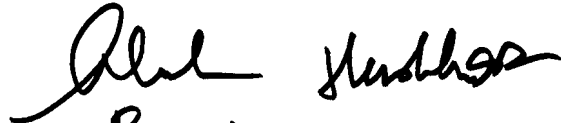

In claim 46, line 13, please replace [slidable] with --slidably--. The term slidable is more grammatically correct.

In claim 48, line 3, please insert --slot-- between the words “longitudinal” and “in”. It is clear from claim 49, which depends from claim 48, that the term “slot” was intended to be recited in claim 48.
